SCHOOL MESSAGE

Welcome all new and returning students to a brand new year at Mount Slesse Middle School!

We are committed to providing quality learning experiences to all students in a safe and caring environment. Subsequently, we expect students to take responsibility for attaining their 'personal best' in academic achievements with help and support from staff and parents. As stated in our **Student Code of Conduct**, we want students to be the very best citizens possible, to show respect at all times, and to get involved in the numerous activities, clubs, and sports that are available.

This handbook has been created to help prepare you for success in the 2021-2022 school year. It contains information that is vital to your life as a student at Mount Slesse Middle School. **We encourage you to bring it to class and to use it on a daily basis to keep track of homework assignments, due dates, test dates, appointments, special events, etc.**

Have a great year!

STUDENT CODE OF CONDUCT AND EXPECTATIONS

The Staff of Mount Slesse Middle School is committed to providing a safe, comfortable environment to encourage effective learning. It is the expectation that all Mount Slesse Middle School students will exhibit behavior that is consistent with the **Student Code of Conduct**, Behaviour Support Levels, Behaviour Rubric, and the principles of common decency and courtesy to others. Proper conduct is expected while on the school premises, on the way to and from school, at all school games, functions and field trips. Behaviour beyond these times (including on-line behavior) that negatively impacts the safe, caring, or orderly environment of the school, and/or student learning is also considered. Mount Slesse Middle School promotes the values expressed in the **B.C. Charter of Human Rights and Freedom**, the **B.C. Human Rights Code**, and provincial standards respecting the rights of all individuals in accordance with the law-prohibiting discrimination based on race, colour, and ancestry, place of origin, religion, marital status, family status, physical or mental disability, sex or sexual orientation (homophobic behaviour), - in respect of discriminatory publication and discrimination in accommodation, service and facility in the school environment.

Although we will take every opportunity to teach the positive behaviours outlined in the **Student Code of Conduct**, we expect each student to become familiar with all aspects of it. Parents will be notified of serious breaches of the **Student Code of Conduct**. When breaches occur, the following factors will be considered in determining appropriate disciplinary action: severity of unacceptable conduct, frequency of such conduct, age of the student, maturity level, and cognitive ability of the student.

While attending Mount Slesse Middle School, there are a number of specific expectations which students and their parents should be aware of:

LATES

EXPECTATION

Students are expected to arrive at school on time and to be on time for all classes. Arriving at class on time is important for several reasons:

- a. It affects a student's performance.
- b. It is an essential pattern of behaviour for future employment.
- c. Lateness is inconsiderate and unfair to other students, teachers, and the learning environment.

CONSEQUENCE

When students are unavoidably late, they must report to the office and sign in. Parents/Guardians are requested to phone the school or to provide a note when they know their child will be late for school. Persistent lateness will be dealt with in a progressive disciplinary fashion. Students are expected to arrive to all of their classes on time. Please check the bell schedule carefully for the start and finish times of all the classes.

ATTENDANCE

Regular attendance is extremely important to a student's achievement in school. Attendance will be closely checked by the school, and parents will be notified about absences and irregular attendance. If a student is absent, parents are requested to either:

Telephone the school on the morning of the absence at 604-824-7481 or email msms@sd33.bc.ca. Mount Slesse Middle School has an answering machine that parents can use to leave a message regarding their child's absence. **We ask that you leave the date, the child's name, how long they will be away, and reason for absence.**

In addition:

1. Students must sign out at the office to leave at any time during the school day.
2. If a student needs to leave school during the day, a note must be brought from home requesting permission to sign out. Students should bring the note to the office first thing in the morning for a sign out slip.
3. If a student needs to contact home during the school day they must call from their classroom or the office, not on their cell phone.
4. It is the student's responsibility to see the teacher, a classmate or check our website to find out what was missed during his/her absence.
5. Counsellors will contact with students in the event of a prolonged absence.

TRUANCY – Unexcused Absence

Truancy is an absence that occurs without valid parental or school consent such as when a student:

- a. leaves school without signing out at the office.
- b. is absent for any portion of the day without permission from the parents.
- c. leaves class without permission.
- d. becomes ill and goes home or stays in the washroom instead of reporting to the office.
- e. obtains a permission slip to go to a certain place and does not report there (ie. goes to use the phone or vending machines).
- f. comes to school but does not report to class.
- g. fails to attend an assembly.

CONSEQUENCE

The parent/guardian will be contacted and the student will make up the missed time outside of school hours, at lunch time, or after school. The process will involve progressive discipline, with consequences becoming more severe if truanancies continue.

First Offence: Parent/guardian will be notified by the classroom teacher and school administration. The student will serve time at lunch.

Second Offence: Parent/guardian will be notified by the classroom teacher and school administration. The time served by the student at lunch time will increase twofold.

Third Offence: Parent/guardian are notified and a meeting will be held with the administration of the school, the parents, counsellor and the student to resolve the problem. Consequences will be determined at the meeting.

CONSEQUENCE

When the above behaviour occurs, we will strive to deal with it immediately and with consequences that are fair, logical, progressive, and educational. Depending on the severity of the incident, the number of prior infractions, and the age of the student, the consequences will range from in school detention to out of school suspension and possible R.C.M.P. involvement.

INAPPROPRIATE LANGUAGE

EXPECTATION

Students should show respect for and consideration of their fellow students and the school staff. Swearing, name calling etc. at any time is inappropriate.

CONSEQUENCE

HANDS-OFF POLICY

At Mount Slesse Middle School we have a **“Hands and Feet-Off Policy”**. This means that there will be no kissing, hugging, holding hands, play fighting, pushing, shoving, tripping, punching, chasing, rough housing, etc. Horseplay often gets carried away and injury occurs, so students need to find productive ways of expending energy.

CONSEQUENCE

If a student is not following the Hands and Feet Off guidelines, he/she will be escorted to the office. Students will be assigned consequences such as lunch time detention. The number of days spent in lunch time detention will be determined by the severity of the “hands on/off” offence. Students will be assigned to the office during lunch and break indefinitely if the student continues to disobey the hands-off policy.

Clothing should be suitable for a school learning environment. Clothing and footwear should be comfortable and appropriate for students to participate safely in all school activities including physical education, science, cooking, and shops. - At break and lunch, students are encouraged to be active and socialize with friends, so students are not permitted to use their cell phones and other devices at this time.
- **Students must hand in their phones to their Core classroom teacher at the start of each day.** Your child's teachers will decide if students can use devices during class for educational purposes. Phones will be returned at the end of the school day.

PLAGIARISM/CHEATING

Plagiarism is copying someone else's written words or ideas and passing them off as your own. It is considered cheating. Sometimes, a student may plagiarize by using someone else's words or ideas in the report or essay without being fully aware of his/her actions. Even though this may be unintentional on the part of the student, plagiarism is still considered cheating.

In order for students to avoid even mistakenly using another's words as their own, there are steps that students can take when they write a report or essay to avoid plagiarism.

These steps include:

- Note-taking while researching (not "cut and paste" but taking point form notes from what you've read and where you have found that information). Keep your notes. Your teacher may ask for them.
- Using a variety of sources for your information (internet, books, articles, encyclopedias, etc.).
- Use *quotation marks* or *block quotes* to show when information has been taken directly from another source.
- **Create an accurate list of the sources of information you used** for the essay or project (a bibliography). Be sure to note: author's first and last name, title of the text, page number, publisher, and date.

Consequences for Plagiarism:

- Informing parents/guardians and administration of the plagiarism.
- Consequences will be determined at the teacher's/administrator's discretion. Students will be required to re-write the assignment as a minimum.

Cheating:

Cheating occurs in a number of ways, including the following:

- Using a memory aid or electronic device in a test situation without the permission of the teacher.
- Giving or receiving answers during a test or quiz or on assignments that are supposed to be completed individually.
- Accessing a test or quiz, including the use of any electronic device, before the assessment date in order to determine the content of the exam.

Consequences for Cheating:

- Informing parents/guardians and administration of the cheating incident.
- Consequences will be determined at the teacher's/administrator's discretion. A student may have the opportunity to rewrite or redo an assignment. Depending upon the severity of the incident, the student may be suspended from school.
